Dear Long Island Fight for Charity Supporters and Fans,

As the founders of the Long Island Fight for Charity, we (Jamie Austin, Matt Silver and Jeff Cohen) know how to take a punch. The years have passed in what seems like the blink of an eye, and it is clear that the positive impact the event has made in the lives of so many will last forever. Thousands of people have supported LIFFC's mission of helping those in need on Long Island.

It all began in 2002, shortly after the Long Island Community Chest was formed. Jeff Cohen, a board member, offered the extraordinary idea to create a charity boxing event where he would box and raise money through sponsorships and ticket sales. Jamie and Matt jumped at the idea, jokingly saying they would fight each other. Jeff, taking advantage of the moment, contacted the media and the Long Island Fight for Charity was born in 2003.

Long Island Fight for Charity is a unique fundraising program and event, nothing like it exists anywhere in the world, and over the years it has become the Island's most anticipated annual charity networking event. Each year a new and brave group of Long Islanders choose to volunteer to raise money, train and step into the boxing ring at the Main Event. We are grateful and proud of all Charity Boxers for their personal sacrifice of time, being away from their families, bearing the physical and mental stress of training and for their steadfast commitment to reach their fundraising goals. Please honor each boxer tonight by reading their bios in this publication and congratulate them this evening during the event and again at the After Party.

Additionally, as we celebrate the 18th Annual Main Event in 2023, we recognize the close to 400 Charity Boxers who have entered the ring before them. Through their hard work, dedication and desire to "give back," they have set a standard and created a tradition. Over the years we have given away \$1.85 million. These funds have and will continue to go directly to assist those in need here on Long Island. Thank you to our committee chairs, volunteers, fans, USA Boxing, trainers, ring card people, generous sponsors, restaurant partners and more than 30,000 cheering attendees. Every person who has attended or supported our events in any way has made a difference in the lives thousands of men, women and children in our community through the more than 50 charities we have supported. We are truly grateful.

We hope you enjoy the 18th Long Island Fight for Charity.

Our Story

The Long Island Community Chest is interested in helping people who have nowhere else to turn. Individuals who have exhausted all traditional means of help.

Our founders, Matt Silver and Jamie Austin, have been involved in many charities and not-for-profit organizations on Long Island, and wanted to create an organization that gave back to their local community. They wanted to see the rewards of their fundraising efforts in person. By helping specific individuals directly, they can get to know those they help.

Our Approach

Long Island Community Chest is an on-going fund to provide immediate short-term financial support to individuals and families on Long Island.

Recipients shall be individuals or families recently experiencing traumatic life altering setbacks to their day to day lives. Individuals who have exhausted all traditional means of help such as a parent unable to work because of a car accident, or someone unable to pay for unexpected medical problems. The LICC is interested in helping specific, identifiable people who have nowhere else to turn.

Gina “The Tornado” Farese

Gina Farese is a dedicated entrepreneur, businesswoman, and philanthropist with a passion for finding solutions to industry challenges. She’s a wife and mother of two daughters, and her journey is a remarkable testament to her determination and adaptability.

At a young age, Gina demonstrated her exceptional drive by graduating high school at 16 and earning her BS in Finance by 19. She briefly explored the world of Investment Banking on Wall Street before discovering her true calling in the construction industry, inspired by her father’s business. Gina started from the ground up, gaining hands-on experience in every facet of the business, eventually leading to a company takeover.

Not content with traditional boundaries, Gina saw opportunities to revolutionize the solar industry. She established a division within her father’s construction business, specializing in solar service, installation, and even roofing partnerships for solar companies.

Her commitment to educating the industry is evident in her current work on an educational program about roofing for solar. This initiative aims to save companies thousands of dollars through proper installation methods and improve the overall quality of service.

Beyond her professional achievements, Gina is a dedicated advocate for cancer-related causes. Her motivation to fight for these causes comes from a deeply personal place. She is dedicated to supporting “You’ll Be OK Too,” a local non-profit founded by Christina Mathieson, which empowers breast cancer survivors, and she also champions Long Island Fight for Charity (LIFFC). Her generous efforts are in honor of her late mother-in-law, Linda Farese, a breast cancer survivor who she deeply admired.

Furthermore, Gina fights for her friends who have displayed remarkable strength in their battles with breast cancer. Her dear friend, Christina Mathieson, founder of “You’ll Be OK Too,” continues to inspire Gina. Ashlee Frasella, a childhood friend and fellow mother, Courtney Banks, a close friend who has shared many milestones with Gina, have all triumphed over breast cancer.

Gina’s generosity extends to Long Island Home Builders Care (LIHBC), where she actively contributes to charitable initiatives. LIHBC, Inc. supports various community projects, including scholarships for children and grandchildren of LIBI members.

Gina Farese’s impact is undeniable, from her innovative contributions to the construction and solar industries to her unwavering dedication to philanthropy. She is a shining example of a businesswoman with a heart, driving change in her community and beyond, all while honoring the incredible women who have touched her life.

Vincent is fighting for The Suffolk Sheriff’s Foundation, which is focused on helping at risk youth and building positive relationships between law enforcement and the community. Evan “White Rhino” Russell

Evan Russell is an experienced mortgage professional, dedicated to assisting families and individuals by providing them with advanced industry expertise. This expertise has come from his 11 years of experience which included building out the wholesale lending department at UNMB and being an integral part in bringing RCG Mortgage to be the No. 1 mortgage brokerage on Long Island.

Due to his history as a three-sport athlete, Evan went off to SUNY Cortland and played football. Not only did he evolve as an individual, he grew into a successful and established working professional. His positive qualities were enhanced through his athletic experiences, eventually leading him to become a team leader and collaborative connoisseur. His colleagues

describe Evan as a hardworking, valuable member of the RCG Mortgage family.

Community involvement and charitable outreach is something Evan feels a deep connection to and has volunteered coaching PAL football teams as well as 1 on 1 football specific training for middle school children. The charity Evan has a deep connection with and has donated thousands to over the last few years is the Wounded Warrior Project.

“There is no higher sacrifice than being a soldier fight for our freedoms; because of this I feel a duty to support this cause with the successes their sacrifices allow me to endure,” said Evan. “Giving back is the most selfish thing you can do, because there is no better feeling; now let the fight to raise money for charity begin until that bell rings!”

Bart “Hands of Steel” Schiavo

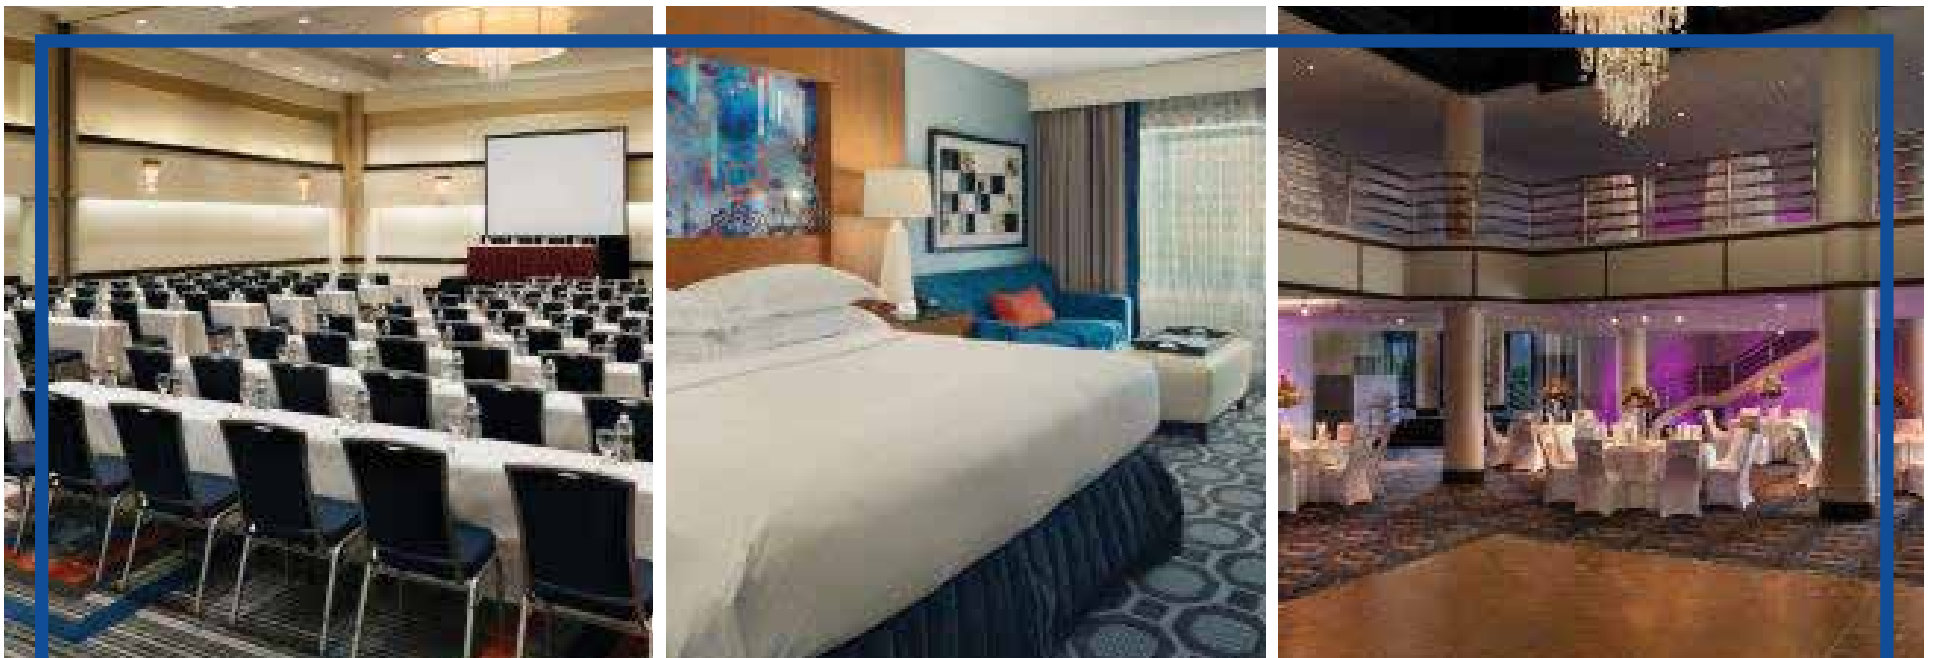

Bart Schiavo is the Owner & President of Schiavo Steel, a Structural Steel Fabrication company.

Bart supports multiple charities such as Save The Children and St Jude Children’s Hospital.

“I fell in love with boxing about 20 years ago. I’ve always been passionate about the sport, and part of me has always wanted to fight, but I would never consider competing without being able to dedicate myself 100%. Being a business owner has not allowed me the time to do that, so when I heard about LIFFC, I jumped at the opportunity to get into the ring with other people just like me, and fulfil my dream. I had the honor of fighting in last year (2022)’s event and raised over \$13,000 for charity in the process. It was such an incredible experience, I had to do it again! I’m looking forward to

putting the gloves on again this year and can’t wait to put on a great show while helping those in need.”

Bart lives in Huntington with his wife Maria, their sons, Nicholas & Noah, and their dog, Mr. Nelson.
